Learn On Us!

Online Training Resources

Continuous training and education is a fundamental best-practice for all healthcare professionals. We support this endeavor and have partnered with The National Institute for Health Education & Training to provide two primary ways to support facilities and their residents; via **Bi-Monthly Webinars** and by access to our **Online Web Portal**. All customers have access to these resources.

Offered in Partnership with our **EDUCATION PROVIDER**

Bi-Monthly CE Approved Educational Webinars

THE NATIONAL INSTITUTE FOR
HEALTH EDUCATION & TRAINING™

As part of our ongoing commitment to continuing education, we invite you to attend **Bi-Monthly Webinars**.

The session invites, topics and learning objectives are shared via email, allowing attendees to easily register. These webinars feature professional speakers and relevant topics, as well as select continuing education credits.

CODING SECTION GG TO DOCUMENT FUNCTIONAL PERFORMANCE... KEY FACTS!

May 1, 2024
12:00-1:00PM Central/1:00-2:00PM Eastern
1 CE Administrators & Nurses

This session will focus on the current definition and coding instruction for Section GG in the October 2023 RAI Manual. Your entire team must update their knowledge of the time frames and requirements of coding self-care and mobility because the manual instructions have been enhanced in the October 2023 update.

This will be a complete review of the terminology, steps for the assessment, definitions of specific skills included in the assessment and time frames for required documentation.

The calculation of the Functional Performance Score from GG Coding will be discussed, as well as the impact of the F.P.S. scores on Part A Payment. The Entire IDT Clinical and Operational leadership will benefit from the core discussion points of this session to improve the accuracy of GG Coding.
